

type is prohibited by a state or the Secretary and a vessel thereby qualifies for a limited entry permit under this subpart, or if a small limited entry fleet is incorporated into the limited entry fishery under § 660.338, the window-period catch of these vessels will be deducted from the open access fishery's historical catch levels and the open access allocation percentage recalculated accordingly.

(c) *Catch accounting between the limited entry and open access fisheries.* Any groundfish caught by a vessel with a limited entry permit will be counted against the limited entry allocation while the limited entry fishery for that vessel's limited entry gear is open. When the fishery for a vessel's limited entry gear has closed, groundfish caught by that vessel with open access gear will be counted against the open access allocation. All groundfish caught by vessels without limited entry permits will be counted against the open access allocation.

(d) *Additional guidelines.* Additional guidelines governing determination of the limited entry and open access allocations are in the PCGFMP.

(e) *Treaty Indian fisheries.* Certain amounts of groundfish may be set aside annually for tribal fisheries prior to dividing the balance of the allowable catch between the limited entry and open access fisheries. Tribal fisheries conducted under a set-aside are not subject to the regulations governing limited entry and open access fisheries.

(f) *Recreational fisheries.* Recreational fishing for groundfish is outside the scope of, and not affected by, the regulations governing limited entry and open access fisheries. Certain amounts of groundfish may be specifically allocated to the recreational fishery, and will be set aside prior to dividing the commercial allocation between the commercial limited entry and open access fisheries.

§ 660.333 Limited entry fishery—general.

(a) *General.* Participation in the limited entry fishery requires that the owner of a vessel hold (by ownership or otherwise) a limited entry permit affixed with a gear endorsement registered for use with that vessel for the

gear being fished. A sablefish endorsement is also required for a vessel to participate in the regular and/or mop-up seasons for the nontrawl, limited entry sablefish fishery, north of 36° N. lat. There are three types of gear endorsements: "A," "Provisional A," and "Designated species B." More than one type of gear endorsement may be affixed to a limited entry permit. While the limited entry fishery is open, vessels fishing under limited entry permits may also fish with open access gear; except that during a period when the limited entry fixed gear sablefish fishery is limited to those vessels with sablefish endorsements, a longline or pot (or trap) limited entry permit holder without a sablefish endorsement may not fish for sablefish with open access gear.

(b) *Renewal of limited entry permits and gear endorsements.*

(1) Limited entry permits expire at the end of each calendar year, and must be renewed between October 1 and November 30 of each year in order to remain in force the following year.

(2) Notification to renew limited entry permits will be issued by FMD prior to September 1 each year to the most recent address of the permit owner. The permit owner shall provide FMD with notice of any address change within 15 days of the change.

(3) A limited entry permit that is allowed to expire will not be renewed unless the FMD determines that failure to renew was proximately caused by the illness, injury, or death of the permit owner.

(c) *Transfer and registration of limited entry permits and gear endorsements.* (1)

When the SFD transfers the limited entry permit on behalf of the permit holder, the SFD will reissue the permit in the name of the new permit holder with such gear and, if applicable, species endorsements and tier assignments as are eligible for transfer with the permit. Permit transfers will take effect on the first day of the next major limited entry cumulative limit period following the date of the transfer. Transfers of permits designated as participating in the "B" platoon will become effective on the first day of the next "B" platoon major limited entry cumulative limit period following the date

of the transfer. No transfer is effective until the limited entry permit has been reissued as registered with the new vessel and the permit is in the possession of the new permit holder.

(2) A limited entry permit may not be used with a vessel unless it is registered for use with that vessel. Limited entry permits will normally be registered for use with a particular vessel at the time the permit is issued, renewed, transferred, or replaced. A permit not registered for use with a particular vessel may not be used. If the permit will be used with a vessel other than the one registered on the permit, a registration for use with the new vessel must be obtained from the SFD and placed on board the vessel before it is used under the permit. Registration of a permit to be used with a new vessel will take effect on the first day of the next major limited entry cumulative limit period following the date of the transfer.

(3) The major limited entry cumulative limit periods will be announced in the FEDERAL REGISTER each year with the annual specifications and management measures, or with routine management measures when the cumulative limit periods are changed.

(4) Application forms for the transfer and registration of limited entry permits are available from the FMD (see part 600 for address of the Regional Director). Contents of the application, and required supporting documentation, are specified in the application form.

(5) The FMD will maintain records of all limited entry permits that have been issued, renewed, transferred, registered, or replaced.

(d) *Evidence and burden of proof.* A vessel owner (or person holding limited entry rights under the express terms of a written contract) applying for issuance, renewal, transfer, or registration of a limited entry permit has the burden to provide evidence that qualification requirements are met. The owner of a permit endorsed for longline or trap (or pot) gear applying for a sablefish endorsement or a tier assignment under § 660.336(c) or (d) has the burden to submit evidence to prove that qualification requirements are

met. The following evidentiary standards apply:

(1) A certified copy of the current vessel document (USCG or state) is the best evidence of vessel ownership and LOA.

(2) A certified copy of a state fish receiving ticket is the best evidence of a landing, and of the type of gear used.

(3) A copy of a written contract reserving or conveying limited entry rights is the best evidence of reserved or acquired rights.

(4) Such other relevant, credible evidence as the applicant may submit, or the FMD or the Regional Director request or acquire, may also be considered.

(e) *Initial decisions.* Initial decisions regarding issuance, renewal, transfer, and registration of limited entry permits, and endorsement upgrade, will be made by the FMD.

Adverse decisions shall be in writing and shall state the reasons therefor. The FMD may decline to act on an application for issuance, renewal, transfer, or registration of a limited entry permit if the permit sanction provisions of the Magnuson Act at 16 U.S.C. 1858(a) and implementing regulations at 15 CFR part 904, subpart D, apply.

(f) *Transfers.* Limited entry permits are transferable as follows:

(1) The permit owner may transfer (by sale, assignment, lease, bequest, intestate succession, barter, trade, gift, or other form of conveyance) the limited entry permit to a different person. The permit holder may register the permit for use with a different vessel under the same ownership, subject to the conditions set forth in this subpart.

(2) Gear endorsements, sablefish endorsements, and sablefish tier assignments may not be transferred separately from the limited entry permit.

(3) Gear endorsements may not be transferred separately from the limited entry permit.

(4) Except as provided in §§ 660.335(b), 660.336(b), and 660.337(b)(2), only "A" gear endorsements remain valid with the transfer of a limited entry permit.

(g) *Eligibility.* Only a person eligible to own a documented vessel under the terms of 46 U.S.C. 12102(a) may be issued or may hold (by ownership or otherwise) a limited entry permit.

(h) *Vessel size endorsements*—(1) *General*. The limited entry permit will be endorsed with the LOA for the size of the vessel that initially qualified for the permit, except:

(i) If the permit was initially issued under section 14.3.2.3.8 of the FMP [re pre-1991 replacement vessels qualifying for “provisional A” permits] for a replacement vessel that was more than 5 ft (1.52 m) longer than the replaced vessel, the permit will be endorsed for the size of the replacement vessel.

(ii) If the permit was initially issued to a replacement trawl vessel that was more than 5 ft (1.52 m) shorter than the replaced vessel, it will be endorsed for the size of the smaller replacement vessel.

(iii) If the permit is registered for use with a trawl vessel that is more than 5 ft (1.52 m) shorter than the size for which the permit is endorsed, it will be endorsed for the size of the smaller vessel.

(iv) When permits are combined into one permit to be registered for use with a vessel requiring a larger size endorsement, the new permit will be endorsed for the size of the larger vessel.

(2) *Limitations of size endorsements*—(i) A limited entry permit endorsed only for gear other than trawl gear may be registered for use with a vessel up to 5 ft (1.52 m) longer than, the same length as, or any length shorter than, the size endorsed on the existing permit without requiring a combination of permits under paragraph (i) of this section or a change in the size endorsement.

(ii) A limited entry permit endorsed for trawl gear may be registered for use with a vessel between 5 ft (1.52 m) shorter and 5 ft (1.52 m) longer than the size endorsed on the existing permit without requiring a combination of permits under paragraph (i) of this section or a change in the size endorsement under paragraph (h)(1)(iii) of this section.

(iii) Two or more limited entry permits with “A” gear endorsements for the same type of limited entry gear may be combined and reissued as a single permit with a larger size endorsement. With respect to permits endorsed for nontrawl limited entry gear, a sablefish endorsement will be issued for the new permit only if all of the per-

mits being combined have sablefish endorsements. If two or more permits with sablefish endorsements are combined, the new permit will receive the same tier assignment as the tier with the largest cumulative landing limit of the permits being combined. The vessel harvest capacity rating for each of the permits being combined is that indicated in Table 2 of this part for the LOA (in feet) endorsed on the respective limited entry permit. Harvest capacity ratings for fractions of a foot in vessel length will be determined by multiplying the fraction of a foot in vessel length by the difference in the two ratings assigned to the nearest integers of vessel length. The length rating for the combined permit is that indicated for the sum of the vessel harvest capacity ratings for each permit being combined. If that sum falls between the sums for two adjacent lengths on Table 2 of this part, the length rating shall be the higher length.

(i) *Limited entry permits indivisible*. Limited entry permits may not be divided for use by more than one vessel.

[61 FR 34572, July 2, 1996, as amended at 62 FR 34674, June 27, 1997; 63 FR 34608, June 25, 1998; 63 FR 38114, July 15, 1998; 63 FR 40067, July 27, 1998]

§ 660.334 Limited entry permits—“A” endorsement.

(a) A limited entry permit with an “A” endorsement entitles the holder to participate in the limited entry fishery for all groundfish species with the type(s) of limited entry gear specified in the endorsement, except for sablefish harvested north of 36° N. lat. during times and with gears for which a sablefish endorsement is required. See § 660.336 for provisions regarding sablefish endorsement requirements.

(b) An “A” endorsement is transferable with the limited entry permit to another person, or a different vessel under the same ownership under § 660.333.

(c) An “A” endorsement expires on failure to renew the limited entry permit to which it is affixed (see § 660.333).
